

*Crisman Summer Reading and Math
June - July - August Challenge*

We want to see all of our students maintain their reading and math skills during the summer months. We are challenging you to read and work on your math facts all summer long. When we return, there will be an ice cream celebration for all those who completed the challenge.

What do I do?

During the 10 weeks of summer, between June 1 and August 8, we want all of our students to spend a few minutes reading or practicing math facts each day. Below is a table indicating how much time should be spent. If you just finished Kindergarten or first grade, then we are encouraging you to spend 10 minutes every weekday on reading or math. The weekday goals for each grade level are listed in the table below. You can always do more than the time listed! After reading or practicing math, fill in the number of minutes you completed in the calendar on the second page. Then turn your signed calendar in when we return.

Reading Options:

The goal is to read! You may continue to take AR tests during the summer. You may read books on your level. Reading materials might include fiction or nonfiction, comic books, graphic novels, magazines, or just about anything. You can even read books with your family or read to a younger child. Since you have your devices, you can also practice reading skills using our online programs including Reading Eggs, Study Island/NWEA Path, Epic, IXL, and ABCya.

Math Options:

Since math is just as important, we are including math facts and math skill activities in the challenge. You can use hand-held flash cards or practice math facts at aplusmath.com or X-tra Math. Other math skills online programs include IXL, Study Island/NWEA Path, Prodigy, Math Seeds, and ABCya. Keep practicing your work with numbers.

Ice Cream Celebration:

If you complete the challenge and reach the minute goal for the summer, you will be invited to the celebration. Our celebration will include ice cream and an extra recess when we return in the fall. Don't forget to fill in your calendar. **Get started reading today!**

Goals for each grade level - Reading or Math Minutes

	Kindergarten	1st Grade	2nd Grade	3rd Grade	4th Grade
Day	10 Minutes	10 Minutes	20 Minutes	20 Minutes	30 Minutes
Month	200 Minutes	200 Minutes	400 Minutes	400 Minutes	600 Minutes
Summer	500 Minutes	500 Minutes	1000 Minutes	1000 Minutes	1500 Minutes

Student Name: _____

Grade Level Completed 2019-20: _____

Minutes Goal from Chart: _____ Minutes

Week of:	Minutes (can record by day or total for week)	Parent Signature
June 1	M - T - W - Th - F - Total for Week: _____	
June 7	M - T - W - Th - F - Total for Week: _____	
June 14	M - T - W - Th - F - Total for Week: _____
